Creating a Kinder World for Animals

FOUR PAWS is the global animal welfare organisation for animals under direct human influence, which reveals suffering, rescues animals in need and protects them. Our vision is a world where humans treat animals with respect, empathy and understanding.

SUSTAINABLE ANIMAL WELFARE: The campaigns and projects of FOUR PAWS focus on companion animals including stray dogs and cats, farm animals and wild animals – such as bears, big cats and orangutans – kept in inappropriate conditions as well as in disaster and conflict zones. At FOUR PAWS we:

1. Reveal inappropriate and life-threatening conditions for animals.
2. Expose abuses, develop appropriate solutions and drive them forward.
3. Rescue animals in need worldwide that are under direct human influence.
4. Provide help and medical care for animals.
5. Raise awareness through sustainable campaigns and projects.
6. Work with authorities and governments to introduce legislative changes that improve the lives of millions of animals.
7. Establish and operate True Sanctuaries worldwide.
